

## GRO LITTER BINS

### Product description

The round shapes of GRO litter bin are playful and timeless. The litter bin is equipped with 2 inner bins of 100 litres each. Waste separation can be easily achieved using stickers.

In the same series we also have **benches and a picnic combination**. You can find these at our product categories.

## SPECIFICATIONS

### General

Our litter bins are equipped with:

- Stainless steel 316 Slamlock locking system
- Stainless steel 316 DK8 lock
- Insertion height 1100 mm
- Warranty 5 years (expiring)

### Material

#### Housing

- Galvanised steel 3 + 6 mm + 2 layer powder coating
- Ashtray stainless steel 316

#### Inner bin

- Galvanised steel 1 mm

### Options

- Aluminium inner bin
- FURN'S concrete footing

## IMPORTANT

### Points of attention

- All products must be unpacked immediately after delivery.
- Drilling / grinding in the material is not permitted.

### Maintenance

- Annual cleaning by removing dirt using clean tap water.  
**Note!** Do not use a high-pressure cleaner.
- Moving parts must be greased to maintain the functioning of the mechanism.

# PLACEMENT

## PLACEMENT

1. Provide a flat, solid (vibrated) surface. If not done carefully, it can create stresses in the product which could result in damage to the product.

2. Open the litter bin and remove the inner bins. Mark the position of the holes at the bottom of the GRO litter bin and drill holes in the pavement.

3. Place the GRO litter bin on the flat pavement, so that the holes in the uprights match the drilled holes.

Because the GRO litter bin can be placed on the pavement, the litter bin can be placed anywhere, without having to dig.

4. Fix the bench to the pavement with plugs or possibly a chemical anchor.

**Pay attention!** Loosely tighten all bolts first, after which they can be tightened one by one.

5. Replace the inner bins and close the litter bin.

# ACCESSORIES

## ACCESSORIES

All our accessories meet the highest standards and are a highly suitable addition to our products. Visit [www.furns.com](http://www.furns.com) for a complete overview of our accessories.

### CONCRETE FOOTING

We advise to place our products on our uniform concrete bases. These are suitable for installation below ground level. As standard, they are fitted with screw sleeves for easy mounting of our products. See the table below for the corresponding bases per model.

Product	Model	Concrete footing	Quantity
GRO 200L	GRLB.200	600	1
GRO 2 WASTE FLOWS 100L	GRLB.100WS2	600	1

### CLEANER & PROTECTOR

We recommend cleaning our products at least once a year. For optimal results, use the ADEZZ BIO Cleaner & Protector detergent. Always read the instructions on the package carefully before use.
