IGNITE YOUR NATURE

LOGG

LOGG

Unusually for a wood store, the LOGG has an open design. This improves the drying process by allowing air to circulate around the wood. Legs raise the wood store from the ground, giving it a light, airy look.

Stylish and practical. The LOGG turns practical wood storage into a stylish garden design element. The LOGG can be ordered in various sizes and is heat resistant. It can be placed directly next to your outdoor fireplace, making evenings around the fire even more relaxed and cosy.

CORTEN STEEL

The warm tone of corten steel perfectly complements the natural look of stacked wood. The LOGG is made of corten steel, which develops an orange-brown patina over time. Corten steel is a metal alloy made by adding copper, phosphorus, silicon, nickel and chromium to iron. When exposed to air, the material forms a protective layer of rust. This natural coating prevents further corrosion.

SPECIFICATIONS

- 5-year guarantee.
- Corten steel is very robust, hard-wearing, weatherproof, low-maintenance and durable.
- Reinforced to prevent warping.
- Includes mounting holes.

KEY POINTS TO NOTE

- Products should be unpacked immediately upon receipt to release any moisture trapped inside the packaging. If the product is left in its packaging, it may develop patches of uneven discolouration.
- Always place the wood store on a flat, stable surface.
- We advise securing the wood store to a wall to ensure stability.
- Products are delivered without rust. The corten steel rusting process takes about 4–5 months, depending on weather conditions. You can speed up this process by using our rust accelerator.
- The rust can be fixed by applying Owatrol. This is a penetrating rust inhibitor that forms a protective anti-rust coating. Owatrol protects the product and stops the rust from flaking off.
- We do not recommend using corten steel within 2 km of a coastline.
- The weathering process may cause rust run-off.
- The guarantee is void if the product is drilled, sanded or scoured in a manner other than prescribed.

COATED STEEL

The black coating gives it a timeless, tranquil look. The LOGG has a heat-resistant and rust-proof coating. We recommend placing the wood store under a shelter to provide protection from the weather. Weather conditions and heating and cooling can affect the paint finish.

SPECIFICATIONS

- 5-year guarantee.
- Steel is very robust, hard-wearing, weatherproof, low-maintenance and durable.
- Reinforced to prevent warping.
- Includes mounting holes.
- Includes heat-resistant paint finish.

KEY POINTS TO NOTE

Maintenance

All our maintenance products meet the highest standards and are an highly suitable addition to our products. Click on the images for more information about the products.

RUST ACCELERATOR

Our Corten Steel products are delivered un-rusted and the weathering process will take approximately 4-5 months. This process can be accelerated with the BIO rust accelerator available on our website. Always read the descriptions on the packaging carefully before use.

CORTEN STEEL VARNISH

Corten varnish can be applied to the Corten Steel products to stop the weathering process. Always read the descriptions on the packaging carefully before use.

FORNO

IGNITE YOUR NATURE

Spending time outdoors has soared in popularity over the last few years, becoming an increasingly important part of our daily lives. FORNO offers a diverse range of products guaranteed to enhance the outdoor experience. Our collections create an ambience in which you can enjoy your garden to the fullest.

All our products have their own character, but they are designed to work together, allowing you to create endless combinations. The materials, finishes and styles are repeated across the collections so that they coordinate beautifully. The result? A long-lasting, stylish garden design: from fire tables to exclusive outdoor kitchens and from sturdy fireplaces to timeless wood storage.

We design and manufacture all our products in-house, ensuring that we can continue to provide the high quality that you have come to expect from us. And we do this at the most competitive price possible. All our products are made in Europe with the utmost care, so we can be sure that they meet our exacting standards.
