KAMADO STATION

KAMADO STATION

The FORNO KAMADO station is the upgrade for any outdoor space. This stylish outdoor kitchen offers everything you need: a good place to prepare dishes, extra work space and handy storage options. And all in a durable and sleek design. Suitable for almost any type of Kamado and therefore perfect for any garden!

Choose between the sleek finish of powder-coated aluminium or the warm colour of Corten steel. The outdoor kitchen blends in well with the greenery in your garden. The bamboo finish and neolith ceramic worktop give it a luxurious, natural look.

Discover the flavorful dishes you can create with a BIG GREEN EGG.

Corten steel

- ✓ LOW-MAINTENANCE
- ✓ LONG LIFESPAN
- ✓ ROBUST AND STRONG

ABOUT THE MATERIAL

The strong orange-brown colour of the outdoor kitchen comes from a natural rust layer. This layer creates a warm appearance. Corten steel, also called weatherproof steel, is a mix of metals that forms a protective layer against corrosion.

This significantly extends its lifespan.

OTHER FEATURES

- Wear-resistant and strong.
- Weather-resistant and low-maintenance.
- The rusting process takes about 4-5 months.

Aluminium

- ✓ GRAIN STRUCTURE
- ✓ CORROSION-RESISTANT
- ✓ QUALICOAT CLASS 2

ABOUT THE MATERIAL

The aluminium KAMADO station is lighter in weight and available in several colours. The material can be left outside all year round without damaging or freezing to pieces. This makes it suitable for any season. Moreover, it is low-maintenance, giving you more time to enjoy your outdoor kitchen. Experience years of enjoyment from this outdoor kitchen.

OTHER FEATURES

- Aluminium undergoes several processes to ensure its quality.
- The powder coating is applied with a strong adhesive layer.
- Available in 10 RAL colours.
- Scratch-resistant material thanks to our coating.
