Garden furniture fibreglass

Material fibreglass

All our fibreglass furniture is made with adjustable feet, so it will always be level and stable, even on uneven ground. The fibreglass is dyed through, and the furniture will retain its colour.

SPECIFICATIONS

- 5-year guarantee.
- Lightweight and very strong.
- Fibreglass garden furniture is frost resistant and strengthened to prevent warping.
- Available in round and oval versions.
- Adjustable feet allow the furniture in this collection to be made level on any surface.
- We also supply professional maintenance products.

KEY POINTS TO NOTE

- Products should be unpacked immediately upon receipt to release any moisture trapped inside the packaging. This moisture can cause stains that are difficult to remove.
- If used outdoors, clean at least twice a year. Spray the furniture with ADEZZ cleaner/protector to draw dirt out of the pores, then rinse clean with tap water. Finally, repeat the application of ADEZZ cleaner/protector to provide optimal protection against dirt and grime.
- Do not use a pressure washer and/or scouring pad to clean our garden furniture. This damages the coating.
- The guarantee expires if you drill or grind in a way that is not specified.

RAL COLOURS

Standard RAL colour is RAL 9016. For all other available RAL colours, please check our website. There is a start-up charge for these colours.

Installation

1. Provide a flat, solid surface. If not done carefully, it can create tension in the product which can result in damage to the product.
2. Adjust the adjustable feet to ensure the table and benches are level.
3. Reinforcements in products are essential for the construction and dimensional stability, therefor must never be removed!
4. Always provide sufficient breathing space (minimum 1 cm) around the product to prevent moisture trapping.
