VESTA

FIRE IN ONE FLOWING LINE

With VESTA, the fire appears to float above the ground, while the tabletop continues in one smooth, flowing line. Cables, gas connections and technical components are cleverly concealed inside the base, leaving only the stylish silhouette on show. The aluminium fire table is lightweight, strong and low-maintenance. VESTA brings warmth, atmosphere and a sense of calm to any outdoor space.

- Available in standard colour combinations with a matt powder coating.
- Space for a 5 kg DIN gas cylinder, neatly concealed inside the base.
- Control panel for easy flame adjustment.

VIRO

COME TOGETHER AROUND THE FIRE

Fire brings people together, and VIRO does it in style. Its soft lines, luxurious tabletop and sleek aluminium base create a modern look that fits beautifully into any garden. All technical components are hidden from view inside an integrated drawer, making VIRO a real eye-catcher from every angle.

- Ceramic tabletop: strong, heat-resistant and low-maintenance.
- Integrated drawer with space for two 2.5 kg DIN gas cylinders.
- 800 x 180 mm burner with an easy-to-use control panel.

SERRA

FIRE AT ITS MOST POWERFUL

SERRA brings warmth and atmosphere together in a bold, minimalist design. The large glass panel in the door gives you a clear view of the flames. Clever details help the outdoor fireplace heat up quickly and make it easy to use. With integrated log storage, everything is within easy reach for long, warm and atmospheric evenings in the garden.

- Made from strong, weather-resistant and low-maintenance corten steel.
- Two door positions for quick heating or a steady flame.
- Practical ash drawer for easy use and maintenance.
