Garden box

Garden box

The garden box is the ideal way to store your cushions safely outside. This stylish cushion box will look great when combined with items in the BORRA or SOLID collections. The box is only available in aluminium. However, it can be supplied in a range of colours.

Material aluminium

Our garden box is the perfect, stylish storage box for all garden items. The box is beautifully designed and can be finished in almost any RAL colour, making this garden storage box easy to combine with other garden furniture.

The garden box is made of strong, low-maintenance aluminium. Once constructed, the box is powder coated with a strong adhesive primer. It is then finished with a scratch-resistant colour coating. The box is easy to open and close thanks to the solid lid construction and gas-spring hinges. An integrated lock ensures that cushions and other items can always be stored securely.

SPECIFICATIONS

- 5-year guarantee.
- Scratch-resistant topcoat.
- Includes 2 keys.
- Reinforced to prevent warping.
- The aluminium garden box is hard-wearing, corrosion resistant and durable.
- The aluminium has a thickness of 3 mm.
- Other standard RAL colours can be ordered for an additional charge.
- We also supply professional maintenance products.

KEY POINTS TO NOTE

- Products should be unpacked immediately upon receipt to release any moisture trapped inside the packaging. This moisture can cause stains that are difficult to remove.
- If used outdoors, clean at least twice a year. Spray the furniture with ADEZZ cleaner/protector to draw dirt out of the pores, then rinse clean with tap water. Finally, repeat the application of ADEZZ cleaner/protector to provide optimal protection against dirt and grime.
- Do not use a pressure washer and/or scouring pad to clean our garden furniture. This damages the coating.

RAL COLOURS

Standard RAL colours are RAL 7016, RAL 7021, RAL 9005 and RAL 9016. For all other available RAL colours, please check our website. There is a start-up charge for these colours.

Note! Colours may vary from the image.

Placement

1. Provide a flat, solid surface. If not done carefully, it can create tension in the product which can result in damage to the product.
2. Reinforcements in products are essential for the construction and dimensional stability, therefore must never be removed!
3. Always provide sufficient breathing space (minimum 1 cm) around the product to prevent moisture trapping.
4. Our storage boxes are always equipped with 2 gas springs that ensure that the boxes open and close in a controlled manner. These gas springs are specially adjusted for the specific storage box and should never be interchanged.
5. In addition to the gas springs, all storage boxes are equipped with a lock. This way, products can always be stored safely

ADEZZ

DESIGN TO GROW

Spending time outdoors has soared in popularity over the last few years, becoming an increasingly important part of our daily lives. Our brands ADEZZ, FORNO and FURNS offer a diverse range of products guaranteed to enhance the outdoor experience. Our collections create an ambience in which you can enjoy your garden to the fullest.

All brands have their own character, but they are designed to work together, allowing you to create endless combinations. The materials, finishes and styles are repeated across the collections so that they coordinate beautifully. The result? A long-lasting, stylish garden design: from sleek edging to exclusive furniture and from sturdy fireplaces to elegant water tables.

We design and manufacture all our products in-house, ensuring that we can continue to provide the high quality that you have come to expect from us. And we do this at the most competitive price possible. All our products are made in Europe with the utmost care, so we can be sure that they meet our exacting standards.
