

DECORATIVE PANELS

Product description

ADEZZ® decorative panels in 2mm Corten steel A and 3mm scratch proof coated Aluminum.

Transparent panels help to give structure to your garden and can be used to create private intimate areas in the most exposed environments.

In addition to the decorative panels, ADEZZ® also supplies T-shaped posts for easy installation of the panels.

SPECIFICATIONS

General information

Our panels consist out of:

- Thickness Corten: 2 mm
- Thickness Aluminum: 3 mm
- Dimensions (L x H): 1100x1800 mm
- Double folded sides
- Large number of designs
- 5 year warranty (descending)

- Brown-orange rust colour
- Delivered un-rusted
- Rust process takes 4-5 months
- BIO rust accelerator available

Aluminum

Standard colours RAL 7021, RAL 9016.

Our panels are available in almost any RAL colour (start-up costs apply).

IMPORTANT

Points of attention

- The products must be unpacked immediately after delivery.
- Corten Steel should never be constantly in moisture, it should drain well and ventilate in all situations.
- We only use Corten steel type S355J0WP.
- Coastal areas: We do not recommend using Corten steel within a radius of 2 km from a coastline.
- During the weathering process rust residue can come off the product.
- Drilling / grinding in the material is not permitted.

Maintenance

- Annual cleaning by removing dirt using clean tap water.
- Clean Aluminium with our Adezz Cleaner.
- **Note!** Do not use a high-pressure cleaner or abrasive sponge.
- Maintenance products are sold by Adezz (page 4).

PLACEMENT

INSTALLATION

1. Thanks to the T-shaped posts, the panels can be easily installed without needing to level the substrate. Always make sure that the T-shaped posts are level!

Note! Always place the T-shaped posts level in the ground.

2. After placing the T-shaped posts in the substrate, the panels can be attached to the posts (see details below).

3. Thanks to the multifunctional T-shaped posts, all kinds of shapes can be created with the panels. The panels can be installed on ground level thanks to the long anchoring pins at the bottom of the T-shaped posts.

4. Finish potential paving or use soil/plants to ensure that the panels are on or just below ground level.

T-PROFILES

ACCESSORIES

ACCESSORIES

All our accessories meet the highest standards and are a highly suitable addition to our products. Visit www.adezz.com for a complete overview of our accessories.

CLEANER & PROTECTOR

We recommend cleaning our products at least twice a year. For optimal results, use the ADEZZ BIO Cleaner & Protector. Always read the descriptions on the packaging carefully before use.

RUST ACCELERATOR

Our Corten Steel products are delivered un-rusted and the weathering process will take approximately 4-5 months. This process can be accelerated with the BIO rust accelerator available on our website. Always read the descriptions on the packaging carefully before use.

CORTEN VARNISH

Corten varnish can be applied to the Corten Steel products to stop the weathering process. Always read the descriptions on the packaging carefully before use.
