

**ONE TO SIT**

## Product information: Sunbrella cushions

Sunbrella is one of the leading outdoor fabrics brands. We have selected a number of colours. The Sunbrella cushions have an inner filling of polyurethane foam.

### Advantages:

- The fabric is provided with a breathable acrylic coating. This coating ensures that the rain-water rolls over the fabric and will therefore not retract. This prevents the accumulation of condensation and moisture in the pillow and strengthens the resistance to fungi.
- Lovely soft feeling
- Easy to maintain
- Water and stain resistant
- UV resistant
- Cushion covers are detachable

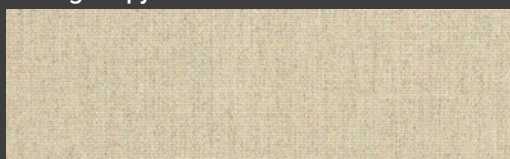

### Important:

- The cushions must be unpacked immediately after delivery so any moisture between the packaging and the product is not trapped.
- Cushions are washable at 40°

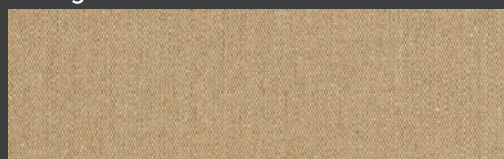

### Options:

Available in different colours:

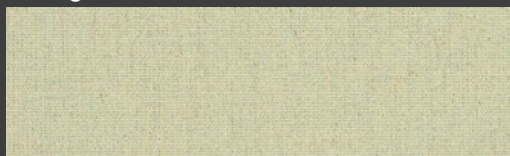

Heritage Papyrus

Heritage Ash

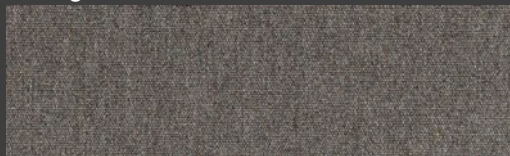

Heritage Moss

Heritage Leaf
